

Submitter: Thomas Budzinski

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB799

I ended up selling my rental property to a family who will live there. It is therefore no longer in the rental pool. It was actions like this that made me want to get out of the rental business in Oregon. I have rental property in other more business friendly state. Keep it up if you want to make sure people don't have a place to rent besides your tenements. Take a look at Chicago, Detroit Baltimore if you want a glimpse of the future you are creating. Hope you feel good about your efforts.
