Regarding HJR 5

I am a lifelong Oregonian and avid sportsman. I have fished & hunted throughout Oregon for over 55 years. I am eligible for a \$6 annual Pioneer license but choose to still purchase the ~\$200+ Sportsman Pac to help support wildlife conservation in Oregon.

Pursuing fish & game gets me to a variety of locations all around the state and provides high quality food for my family & friends. I fear efforts that can potentially limit Oregonians' rights to hunt & fish.

Please support this bill and join the other 23 states that have passed a constitutional protection for the right to fish & hunt.

Thank you.
