

Submitter: Wynne Wakkila

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB745

Thank you for this bill. It is very important that people who work with children are trained to recognize those who have been exploited and provide resources for their healing. Hopefully the results of this training will also go a step further and help them realize when a child is vulnerable for this type of life-changing atrocity so something can be done before it occurs. Thank you for your efforts to save a child's life and innocent, joyful childhood.
