

Submitter: Timothy Cowan

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB541

My support would be based on the definition of Section 2(3)a "Human Rights" set forth in the 1948 Universal Declaration of human rights adapted by the United Nations.

These are three examples:

Article 26

Parents have the right to choose the kind of education that shall be given to their children'.

Higher Education shall be equally accessible to all on the basis of merit.

Article 30

Nothing in this declaration may be interpreted as implying for any state, group or person any right to engage in any activity or to perform any act aimed at the destruction of any of the rights and freedoms set forth here in.

Article19

Everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek receive and impart information and ideas through any media and regardless of frontiers.
