Measure: HJR5

Please support the passage of HJR 5. I was born and raised in Oregon. Memories of growing up fishing with my family, and friends in the Boy Scouts, are some of my favorite childhood memories. As an adult, I have had the privilege to spend many a week in the fall, deer hunting with my friends in Eastern Oregon. I have a toddler and infant grandsons. I look forward to sharing with them the love of the Oregon outdoors that I have and creating shared memories of catching the big one with them. Please protect that privilege for all Oregonians. Sincerely, Paul Burros
