

Submitter: Jen Kearns

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3006

It is advisable to include an exemption to this bill for those participating in rowing clubs, youth or adult. Pfd equipment would greatly impede the ability to compete in such sport. Young rowers frequently use rowing as a sport to gain entrance to and scholarship to college and this bill would harm their ability to do so. Rowing has proven to be a safe sport and clubs venture out to the water in groups with various safety measures in place, including coaches nearby in motor boats.
