

Submitter: Thomas Moniot
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR5

I am in support of HJR 5. I am turning 74 years of age tomorrow Feb.2. I was brought up in a hunting and fishing family and from a young age was taught the safety points of hunting and to eat what you shoot. I lived on a farm, so we grew all of our own crops, cattle, pigs and etc. Hunting and fishing has always been a part of my life. I enjoy being in nature when fishing and hunting and don't always bring home wild game. That is why it is called hunting, not shooting. When I do get a critter, it being a deer, elk or bear or birds I usually process it myself which is all a part of the experience. I enjoy putting pure organic food on my table and knowing where it came from. Hunting and fishing has always been a part of me and I hope to do it until my time on this great earth is done.
