

**I OPPOSE [SB 521].**

**Money to FUND K-12 education should come from other programs.**

[SB 427 (2023)] is a "Massive Welfare Program." take money from here to fund K-12 education.

[HB 3084 (2023)] siphons corporate kicker money for school maintenance and construction.

The Oregon Legislature really needs to ameliorate their piss-poor management the taxpayer's money.
