Measure: HJR5

I vote HJR5 a big NO. Hunters must not be given more license to kill more of our wildlife. Mankind must do much more to save more wildlife. Natures balances are in peril due to mans greed and ignorance, an it is time to us humans to realize that we too are part of all that is natural, get back to nature, and restore as much as possible which man has already destroyed. Wildlife is of utmost importance in maintaining the balances of nature. VOTE NO please
