

Submitter: Katherine Holly  
On Behalf Of: Lewis and Clark Montessori Charter School  
Committee: Senate Committee On Education  
Measure: SB767

I am a parent at Lewis and Clark Montessori Charter School--both of my children have gone there for their entire grade school education, and we hope they will be able to continue through the 8th grade. We love this school and our children are thriving there. This bill threatens the existence of our school, which is being forced to relocate due to lease termination by our sponsoring district, GBSD. An exhaustive search has led to only one suitable new facility that our school can relocate to in the timeline given, which is less than 1000 feet from the GBSD boundary. Please oppose this bill and allow our school to continue growing and serving students!
