I love this school. I've grown up here. I've learned so much. I would never wanna leave. And Lewis and Clark Montessori Charter School has been in existence for about 14 years! This school is super important to me. I've had lots of amazing memories here! I would hate to leave this school. I've been going to Lewis and Clark Montessori Charter School since I was about five years old. This school means the whole world to me.
