

Submitter: Chase Halpert

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB767

I really love Lewis and Clark Montessori Charter School. I really love this school and want to stay. I learned a lot from Lewis and Clark Montessori Charter School, such as, how to write, all operations to math, how to read, spelling, and much much more. If I have to leave I would have to leave all my friends. I probably won't get a very good education, plus I really love having pets, and, plants. Every single class room has a pet, and more than one plant. So please get rid of Bill 767. I would love to stay in Lewis and Clark Montessori Charter School and move to Reynolds.
