

Submitter: John Rakestraw

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR5

I am writing in opposition to HJR 5. This resolution would undermine our right to use the ballot initiative process to secure modern scientifically supported wildlife management and conservation policies. It would instead perpetuate antiquated policies that benefit a small minority of Oregonians while threatening the long-term welfare of Oregon's wildlife. Lawmakers need the freedom to apply the most current information and best practices when managing and preserving our native wildlife.

Thank you.
