

Submitter: Oliver Ross
On Behalf Of: LCMCS
Committee: Senate Committee On Education
Measure: SB767

I am a student of LCMCS school, and I really like the school that I am attending. I have been attending this school for seven years now and I don't wish to change that, but this is only possible if we are allowed to move into a new school building, because we can no longer stay in the building we are currently in.

thank you for your consideration.

Oliver Ross
