

Submitter: Jane Bicquette

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR5

Dear Chair Fahey and Committee Members,

I strongly oppose HJR 5. This unnecessary and un-democratic and un-American proposed legislation undermines our process for citizens and voters to update and adapt measures into the future that may be needed to protect wildlife. This legislation usurps voter rights and leaves wildlife vulnerable.

Please do not pass this legislation.

Thank you.
