

Submitter: Terry Harris

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB767

I strongly oppose SB 767. The public schools are too influenced by the Teachers Unions and adopting "Woke" agendas that are damaging our children's minds and futures. Charter schools provide much better educations, free from this woke garbage. Students in charter schools are learning more quickly and a wider range of studies than public school students. Democrat led school districts want to shut down charter schools because charter students are way outperforming public school students and the districts want to control what all students are taught. Parents are fed up with LGBTQ lifestyles being pushed on their children, woke policies, anti American ideas, etc. I urge our Legislators to vote "NO" on SB 767 and keep charter schools free to educate our children without interference from public school districts.
