

Submitter: Patricia Hart-McArthur

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB767

I am in support of SENATE BILL 767. This will correct the mistake of an earlier bill which left out the word "Virtual" with regards to Charter Schools. Charter Schools were not designed to be approved by one district and then be placed in another district. No school district should be faced with rogue brick and mortar charter schools sponsored by one district moving into others where the local school district has no authority over these charters. It was a mistake in an earlier bill that left out the word "virtual". This needs to be corrected.

Please pass Senate Bill 767.

Respectfully,

Patricia Hart-McArthur  
Ashland, OR 97520
