

Submitter: Kirstin Cospier
On Behalf Of: Lewis and Clark Montessori Charter School
Committee: Senate Committee On Education
Measure: SB767

Hello,

My two children transferred to Lewis and Clark Montessori Charter School this past fall and they love their new school and are absolutely thriving there. I was sad to hear the school would have to change buildings next year, but was at least relieved to hear the proposed new building would be even closer to our home in Gresham. Now it seems this proposed legislation will prevent them from securing this new location. My family loves Lewis and Clark Montessori Charter School! Please do not make our children have to face even more disruption to their education. Thank you.

Sincerely,
Kirstin Cospier
