

Submitter: Melinda Fleming
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR5

Esteemed members of the House Committee on Rules,

Please oppose HJR 5. If passed, it will deny Oregonians our right to use the ballot initiative process to update, modernize or improve wildlife conservation and protection.

Any step that limits the instruments of democratic participation of people in their own government, is a step away from democracy itself.

Thank you,
Melinda Fleming
