

When considering testimony details regarding the specific charter school application currently proposed in Pinehurst School District, I urge you to **please refer to the actual proposal on record**, <https://www.pinehurst.k12.or.us/wp-content/uploads/2023/01/John-Adams-Academy-Proposal.pdf> found on the official Pinehurst District 94 website.

Accurate information is key to making an informed decision. Unfortunately, **some testimonies submitted in support of SB 767 contain claims that inaccurately represent the actual proposal details**, confusing the facts and misleading those who don't know otherwise.

Whether those claims are mistakenly wrong or intentionally false, **the Senate Committee on Education is responsible for verifying the facts and/or specific claims before relying on them for consideration in their vote.**
