Measure: SB767

This amazing school (Lewis and Clark Montessori Charter) has been one of the most important and positive forces in the lives of our 3 children. We can honestly say the school is now part of our family fabric. This institution does only good for our Eastside community. I can honestly say the school has prepared each of our children for academic success and maturity. It is a loving, profoundly good institution. If the government is not there to assist and ensure this type of community benefit for us all there is really no purpose to what you do. A uniquely good and loving thing should be protected at all costs. On behalf of my 3 children, their mother and I we beg you to do the right thing to save our great school.

Thank you.  
Greg
