Senate Education committee

72% of Oregonians support school choice, including 60% of Democrats. As elected officials, it is important to represent the views of your constituents, the majority of whom likely support school choice and charter schools. By OPPOSING SB 767, you can demonstrate your commitment to representing the will of the people and preserving their right to choose their child's education.

Parents deserve choice in their child's education, and charter schools provide that option. This bill seeks to limit parents' choice and will ultimately lead to more parents leaving the public school system in favor of private institutions and homeschooling options.

The Government school system in Oregon has failed & parents deserve options to rescue their children
