On Behalf Of:

Committee: Senate Committee On Education

Measure: SB767

Hi My name is Aliza Wasserman. I am 11 years old and I go to Lewis and Clark Montessori Charter school. I have been going here since I was 4 and I am scared to go to public school. I will have to go if SB767 passes. I do not want this to pass of other reasons as well. Almost all of my friends go to this school-my school-so please, please cancel 767 and let my school exist don't make us go to public school. I used to dread going to school but with the help of Lewis and Clark Montessori charter school. I have learned to appreciate school and my education
