Measure: SB767

Every child learns on their own time and in their own ways. There are many different types of learning experiences. My daughter has grown in the most outstanding, remarkable and amazing ways due to the wonderful outlook of Montessori education. We are in need of quickly relocating the school and found a place just 1000 Sq ft from the current sponsored Gresham Barlow district. Please consider the hundreds of incredible students desires and given choice of learning. I oppose the bill 767 which will take away the right to this continued education at Lewis and Clark Montessori Charter School as well as many other Charter Schools in Oregon in the future.
