Committee: Senate Committee On Education

Measure: SB767

I am the grandparent of two students at the Lewis and Clark Montessori Charter School. I have had the opportunity to witness the benefits for my own grandchildren and their school friends. It is a good school that works hard to meet the needs of its students. The school must move from its current location and the feasible new location is just outside of the boundary of the Gresham-Barlow sponsoring district. While I see from reading the testimony in favor that there may be issues that need resolution, this bill paints with far too broad a brush and will harm real children and their families. I am opposed to SB767.
