On Behalf Of: Lewis and Clark Montessori Charter School  
Committee: Senate Committee On Education  
Measure: SB767

okay, uhm, theres multiple of us here(haha, headmates. did you expect us to write this in a formal manner? naw, we don't do formal). I'll just let some of us type out what they want to say.

Ceil: I don't even know why you guys are doing this, but It'd probably make someone sad, and I guess thats not amazing, so like, don't do it ig?

Azalea: People love this school, and because we're being forced to move, and the location that we'll be moving too is less then 1000 feet outside of the border, so thats not fun. Anyways, I don't want it to pass.

Lily: Uhm, the others want me to say something, so, uhm, we don't want it to pass ig.

Desi: I would rather it didn't pass, it would make things much harder for this school which I love.

(Several Altar's have not been permitted to speak do to excessive foul language)
