Committee: Senate Committee On Education

Measure: SB767

Please do not place limits on charter schools as suggested by this bill. Charter schools are an option for parents who can neither afford more private options nor have the ability to homeschool yet wish an alternative to public schools. As the population continues to rise in Oregon continues it's legacy of school overcrowding and low test scores. Parents have a right to have options and this bill would limit those options and thereby the parents rights.

Thank you,
