Committee: Senate Committee On Education

Measure: SB767

I strongly oppose SB 767. Parents deserve choice in their child's education, and charter schools provide that option. The waiting lists for Charter schools clearly shows there is a demand for this form of education. Parents should get to choose what is best for their child and learning styles. You can't pigeon hole all of our kids into a 30+ student classroom and expect the same results from every child. Clear numbers show that our children have fallen behind due to Covid lockdowns and we need as many options as available to us to get them caught up.

By opposing SB 767, you can demonstrate your commitment to representing the will of the people and preserving our right to choose our child's education.

Thank you,
Charlotte Phelps
