

Submitter: Michael Treat
On Behalf Of: OHA
Committee: House Committee On Rules
Measure: HJR5

Oregon has a rich history of allowing it's residents to supplement their food sourcing through hunting, fishing and gathering. With rising food costs, the right to provide additional food sources from our state's bounty is increasingly important. 23 states have passed legislation to protect the rights of their residents and I encourage our governing body to become the 24th to assure these rights and keep myself and fellow Oregonians who rely on these rights proud to live in this great state.

Thank you for you consideration
