Measure: HB2548

Chair Nathanson and Committee Members,

I am sharing my deep concern and opposition to section 3 of HB 2548, which would diminish local control by revoking voter's right to address issues of local concern. I work for an organization that seeks to prevent tenants from becoming homeless and advocates for tenant rights. This proposed bill would hugely undermine the efforts organizations promoting housing stability programs in our communities. I urge you to oppose section 3 of HB 2548.

Sincerely,

Kim McCarty
