

Submitter: Salem Realtor

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB2137

Ladies & Gentlemen,

As a full-time Realtor living in Salem, I have experienced the frustration of my clients who want to live in West Salem but do not want to deal with the current bridge situation. A third bridge would eliminate that issue, as that is usually the only drawback to moving to West Salem. I also believe the current bridge situation is a safety hazard, as I drive from South Salem and often have to move from the far left lane to the far right lane quickly. I realize everyone should be driving slowly on the bridge but that is not always the case.

Thank you for considering my opinion.

God by with you,
Cindy Kenagy
