On Behalf Of:
Committee: Senate Committee On Education
Measure: SB767

February 2, 2023

To whom it may concern,

I am writing to oppose Senate Bill 767. This is a rushed piece of legislature. It limits power for Oregon Charter schools, and decreases children's access to quality and needs based education. This bill will negatively effect children across Oregon, and limit their right to choose. This should not be considered an "emergency" bill. It is being rushed through and is not a true emergency. Students in Oregon need every opportunity to receive high quality education. There is no reason to be passing legislation that limits choice.

Sincerely yours,
Rebecca Rampton
