

I strongly oppose SB 767. I am an educator in the Portland metro region. School choice makes all schools better. Choice is a good thing. This bill is placing unnecessary restrictions on charter schools and preventing them from being able to grow or create new ones. This is unnecessary red tape. I also support parent's rights to send their child to a school that fits their child's needs. We should not be limiting choice, but expanding it. I am strongly against the cronyism of the unions and their efforts to squash anything that threatens their control. Most Oregonians, no matter their political affiliation support school choice. School choice is good for our kids and good for Oregon. I strongly oppose SB 767. Please vote NO.
