

Submitter: Bob Williams

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR5

Hi. I wanted to quickly voice my support for HJR5. Hunting and fishing have helped better my life for almost 30 years. It's created great memories, provided a safe and healthy hobby, nourished my body, given me the opportunity to pump many thousands of dollars into the economy, and beginning recently, the chance to bond with my 5 year old son. Hunting and fishing are safe and healthy activities that have been a part of Oregonians way of life for a long time.
