

Submitter: Kari James
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB767

Hello,

I wish to advise that I do not support this bill. Please allow Lewis & Clark Montessori to keep its new location. I sincerely urge you to consider the negative ramifications if this bill passes. So many children do not fit into a standard public school model, which is why charters are so important. I truly believe that if the school has to close down, it will create significant stress and hardship on the families.

Sincerely,

Kari James
