Committee: Senate Committee On Education

Measure: SB767

As a grandparent of a child at city view charter I'm writing to STOP this bill! Our school needs to be able to stay open!

We found a school only 0.5 miles out of district! If this passes we aren't sure what will be done! Find a bigger and better campus to house all k-8 is something we have been looking for, for over 10 Years!please please don't pass this bill!
