

Submitter: Arden Sleadd

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2757

With inflation and the cost of living so high, this bill would make it worse by imposing a cell phone tax. The state has been flush with cash. Budgets are about priorities. If the majority party prioritized Oregon's budget better, we wouldn't have to increase taxes on hard-working Oregonians. Please vote NO on HB 2757.
