Measure: HB2572

Once again, we expand definitions to erode the Constitutional rights of Oregonians. This is becoming an all too common practice and must be stopped. We are a CONSTITUTIONAL Republic. Not a democracy. Luckily, the Constitution makes your guardrails of conduct simple. And it shouldnt be confusing. Oregon is failing and falling under Democratic rule and fastly turning into a socialist, tyrannical state. Put yourselves in check. Your voters require it and the pendulum will swing. As a lifelong Oregonian of 36 years, I will tell you it is actions like this bill that make me want to leave the wasteland your Democrat rule continues to make my home. Oregon opposes your Constitutional erosion.
