Measure: HB3022

I STRONGLY SUPPORT HB 3022

This bill prohibits the Oregon DEQ from acting as a dictatorship adopting or enforcing rules or standards related to motor vehicle fuels or emissions unless authorized by the Legislative Assembly. This agency is making a mockery of our Republic.

Oregon's Environmental Quality Commission recently adopted rules which will require all new cars sold in Oregon to be zero-emission vehicles by 2035. This rule making exceeds the authority of an administrative agency. This is a major new policy that requires representation, deliberation and debate in the Legislature.
