

Submitter: Karla Dolan  
On Behalf Of:  
Committee: Senate Committee On Human Services  
Measure: SB646

Chair Gelser Blouin, Vice Chair Robinson, and Members of the Committee,

Oregon's Developmentally Disabled children should at the minimum have access to safe quality care. To live and thrive daily in the safest environment possible. The family unit faces many challenges in researching and actually finding a competent person/employee to provide the stable quality of care needed. Instead the door gets closed and all suffer from it. Oregon should want our families to thrive, to actually have choices that offer stable, safe, experienced care providers, such as parents. For the here and now and the future lives of all Oregon Developmentally Disabled children for this I ask, Please consider and pass SB 646 out of committee.

Sincerely,  
Karla Dolan
