Committee: House Committee On Judiciary
Measure: HB2572

“antifa” is not an organization, just an “idea”. So when dozens, or hundreds, of masked thugs show up in the same place armed with explosives and firebombs, it’s purely an organic event of like minded people.

It’s clear that this definition was designed to protect the left’s shock troops.

I request that that language be removed from the bill.

WRITE SOMETHING TO DEFINE IT BETTER, PLEASE !
