Measure: HB2772

HB 2772 is a poorly written bill with very vague and subjective language. Please amend to quantify what "extraordinary levels of death, injury, property damage or disruption of daily life" are. What is the minimum cost of property damage? What kind of injury (physical, emotional, bumps and bruises)? What might a disruption of daily life mean (protestors, blocked roads, riots)? More clarity is needed before this bill moves forward. I oppose HB 2772 as is.
