Committee: House Committee On Judiciary

Measure: HB2572

HB 2572 is an unconstitutional, overly ambiguous waste of taxpayer money meant to extinguish free speech and attack patriotic Americans. It protects the storm troopers of the Demonrat party, I.e. antifa, while using the color of law to imprison patriotic Americans that just want to redress grievances. This could criminalize many law abiding citizens including but not limited to neiborhood watch groups and security companies. This bill is dangerous and unconstitutional, it should be disregarded. Vote no on hb2572
