

Submitter: Larston Petticord

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2571

I'm writing in support for ebike subsidies, because obtaining an ebike has made it substantially easier for us to run errands, commute, and recreate, while meaningfully reducing car trips. While many others would like an ebike, the cost is a huge barrier and this bill would do a lot to address that.
