

Submitter: Isabel McClure

On Behalf Of:

Committee: Senate Committee On Human Services

Measure: SB91

To whom it may concern: I am writing to voice my support in favor of SB 91 (with revisions) to support compensating the parents of disabled children to provide the best level of care for their children. As a Minnesotan, I can attest to the fact that paid caregiving is an essential function, with ripple effects that will benefit the whole state. It's time to recognize the incredible workload parents of disabled children take on and allow parents the ability to care for their children at home with the proper resources.
