

Submitter: Donald Davis

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2571

I wholeheartedly support legislation that increases access to e bikes and cargo ebikes. Such legislation increases bike trips and can replace many car trips, which will save the state money as bikes are far less damaging to infrastructure than cars are, reducing state costs in repair.

I recently have bought an ebike and now am commuting to work via ebike far more than I used to on a regular bike.

Please vote in support of this legislation so that the rest of Oregon can experience what I have.

Thank you.,  
Donald Davis
