

Submitter: Teri Allan

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB704

Through careful planning and saving throughout our lives, my husband and I have been able to retire before our 60th birthdays. It causes me severe anxiety to know that all our sacrifices and hard work could be wasted if one of us gets sick. Medical bills should not cause bankruptcy and seniors should not live in fear of financial ruin when they are suffering from illness. Please look at what is working in many other countries and figure out how to implement health care for all in Oregon. We can be a model for the rest of the United States.
