Committee: Senate Committee On Health Care
Measure: SB704

We support universal health care out here in eastern Oregon! As a small business owner, universal health care is essential. Our family is grateful for the health, dental and mental health care provided by the Oregon health plan. My son has a heart murmur that needs monitoring, and the stress of having insurance has been lifted off our shoulders. We are allowed to live our lives and contribute to our community in positive, healthy ways.

I hope all Oregonians will be offered this assurance. Thank you.
