

Submitter: Scott Reilly

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB2510

Dear Honorable Committee Members,

This letter is to support HB2510 to remove the annual cap to county fairs. The need for community is at an all time high after we endured the pandemic and the County Fairs allows us to be with our community. These funds are needed to continue our traditions of the County Fair throughout the 36 counties in Oregon. With rising operational costs continuing this cap handicaps these fairs from putting on an all important community event. I hope you will consider this when voting this to move to the floor for a vote.

Respectfully,

Scott A. Reilly
