On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB628

My name is Kane Lemley and I'm an Oregon voter and a parent to a daughter who has had PANDAS. I'm writing to ask for your support on Senate Bill 628. The State of Oregon has already established coverage for IVIG treatment which is being denied by Oregon insurers despite the fact that our Insurance Commissioner has notified them of this advancement in coverage. The State of Oregon should hold these insurers accountable for the same coverage instead of allowing them to withhold necessary medical care from sick children. 10 other states have passed legislation already ensuring that children in their state have access to this care. We need your support for these children. Thank you.
